

# Abortion Clinic Prayer Ministry

## A Frontline, Life-Saving Endeavor

As The Redemption Church prays for revival in Seattle, we acknowledge our strategic position in what will become an abortion destination following the overturning of *Roe v. Wade*. Our goal as a church is to reach as many people for Jesus as we can before we die and this includes reaching the mothers intending to end their babies' lives. In Jesus' name, may this ministry be used of God to save souls, save lives, baptize mothers, and dedicate babies.

### Praying

We ask the Spirit for strategic guidance on which abortion clinics to attend. We pray *warfare* prayer, inviting God to rebuke evil. We pray for miraculous deliverance for the beautiful little lives who are in danger and for miraculous conviction and clarity upon the parents. We pray for one another.

### Protecting

We protect our team legally by filming ALL that we do, by staying in the sidewalk area, and by ensuring that the only physical contact is an *approved* hand on a shoulder to pray. We protect our team physically and we pray spiritual protection over one another before and after attending a clinic.

### Providing

We want to see God save the lives of babies and the souls of their parents. We want to see **ADOPTIVE FAMILIES** provide for babies who would have otherwise been murdered. We provide benevolence and furnishings if these keep a mother from having her baby killed. We provide a church!

**May God miraculously save lives and souls!**
